Location: Aarhus, Denmark

resume.

I'm a Product Design Lead with a multidisciplinary background and a strong focus on design systems, accessibility, and team collaboration. I combine creative thinking with structured execution to deliver thoughtful, scalable user experiences.

Curious by nature and calm under pressure, I bring clarity, organisation, and a collaborative mindset to every project — whether mentoring a team, refining UI patterns, or aligning cross-functional efforts.

---

key skills.

Leadership & Collaboration: Team mentoring, stakeholder facilitation, cross-functional alignment

Design Expertise: Design systems, accessibility (WCAG), interaction design, user flows

Process & Tools: Figma, prototyping, documentation, design operations, agile workflows

Soft Skills: Communicative, empathetic, organised, adaptable, proactive

---
